Independent Auditor's Report

Groveport Community Improvement Corporation
Franklin County
655 Blacklick Street
Groveport, Ohio 43125

To the Members of the Board of Trustees:

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the Groveport Community Improvement Corporation, Franklin County, Ohio, a component unit of the City of Groveport, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Groveport Community Improvement Corporation's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Groveport Community Improvement Corporation, as of December 31, 2025, and the respective changes in financial position, and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Groveport Community Improvement Corporation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Groveport Community Improvement Corporation's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Groveport Community Improvement Corporation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Groveport Community Improvement Corporation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

(UNAUDITED)**

The discussion and analysis of the Groveport Community Improvement Corporation, Franklin County (the Corporation) financial performance provides an overall review of the Corporation's financial activities for the year ended December 31, 2025. The intent of this discussion and analysis is to look at the Corporation's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the Corporation's financial performance.

Using this Annual Financial Report

This annual report consists of a series of financial statements and notes to these statements. These statements are organized so the reader can understand the Corporation as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities. The statement of net position and statement of revenues, expenses, and change in net position provide information about the activities of the Corporation as a whole, presenting both an aggregate view of the Corporation's finances and a longer-term view of those finances.

Reporting the Corporation as a Whole

Statement of Net Position and the Statement of Revenues, Expenses and Change in Net Position

The Statement of Net Position and the Statement of Revenues, Expenses and Change in Net Position answer the question, "How did we do financially during 2025?" These statements present all assets and liabilities both financial and capital, and short-term and long-term, using the accrual basis of accounting and economic resource focus, which is similar to the accounting used by most private – sector companies. The accrual basis of accounting considers all revenues and expenses during the year, regardless of when the cash is received or paid. These two statements report the Corporation's net position and change in that position. This change in net position is important because it tells the reader that, for the Corporation as a whole, the financial position of the Corporation has improved or diminished. The causes of this change may be the result of many factors, some financial, some not.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City is a charter municipal corporation incorporated under the laws of the State of Ohio. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 14, as amended by GASB Statement No. 39, *The Financial Reporting Entity* and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, the City's primary government and basic financial statements include component units which are defined as legally separate organizations for which the City is financially accountable. Financial accountability is defined as the appointment of a voting majority of the organization's board and either: 1) the City's ability to impose its will over the organization, or 2) the possibility that the organization will provide a financial benefit or impose a financial burden to the City. The Corporation is a legally separate entity and is reported by the City as a discretely presented component unit in the City's basic financial statements. The Corporation does not have any component units and does not include any other organizations in its presentation. The Corporation's management believes these basic financial statements present all activities for which the Corporation is financially accountable.

The basic financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Corporation's significant accounting policies are described below.

A. Basis of Accounting

The basic financial statements of the Corporation are prepared using the accrual basis of accounting in conformity with GAAP. Revenues are recognized when earned and expenses are recognized when incurred.

B. Basis of Presentation

The Corporation's basic financial statements consist of a statement of net position, a statement of revenues, expenses and changes in net position, and a statement of cash flows.

C. Cash and Cash Equivalents

For the purpose of the statement of cash flows, all cash in the Corporation's checking account is considered to be cash and cash equivalents. All monies received by the Corporation are deposited in a demand deposit account.

D. Capital Assets

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition cost. The Corporation maintains a capitalization threshold of \$5,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of capital assets is also capitalized.

All reported capital assets are depreciated except for land, construction in progress and easements. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the Corporation's historical records of necessary improvements and replacement.

Furniture, fixtures and equipment	5 - 20 years
Vehicles	8 years

E. Federal Income Tax

The Corporation is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code.

F. Net Position

Net position represents the difference between assets and liabilities. Investment in capital assets consists of capital assets reduced by payables associated with the acquisition, construction or improvement of those assets. The Corporation did not report restricted net position or investment in capital assets for the year ended December 31, 2025.

G. Operating Revenues & Expenses

Operating revenues consist primarily of fees for providing services and other income. Operating expenses include the cost of providing these services, including administrative expenses. Nonoperating revenues and expenses are all revenues and expenses not meeting the definition of operating revenues and expenses. Nonoperating revenues include grants or payments made on behalf of the Corporation by other entities. Nonoperating expenses may include interest expense and other nonoperating expenses. Neither type of transaction occurred during 2025.

I. Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

**Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other
Matters Based on an Audit of Financial Statements Performed in Accordance With
*Government Auditing Standards***

Groveport Community Improvement Corporation
Franklin County
655 Blacklick Street
Groveport, Ohio 43125

To the Members of the Board of Trustees:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Groveport Community Improvement Corporation, Franklin County, Ohio, a component unit of the City of Groveport, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Groveport Community Improvement Corporation's basic financial statements, and have issued our report thereon dated May 15, 2026.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Groveport Community Improvement Corporation's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Groveport Community Improvement Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Groveport Community Improvement Corporation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Groveport Community Improvement Corporation's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Groveport Community Improvement Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.
